

Christ, Only Christ!

Proclaiming HIM Following HIM

October 2020

Tomorrow

God is the Author of every tomorrow,
Why should my doubting soul tremble or fret?
His all the power, and He is my keeper,
He has not failed any child of His yet.

Yesterday faithful, today, and forever,
His love and power are always the same;
No matter what my tomorrows may offer
He will be in them, O blest be His name.

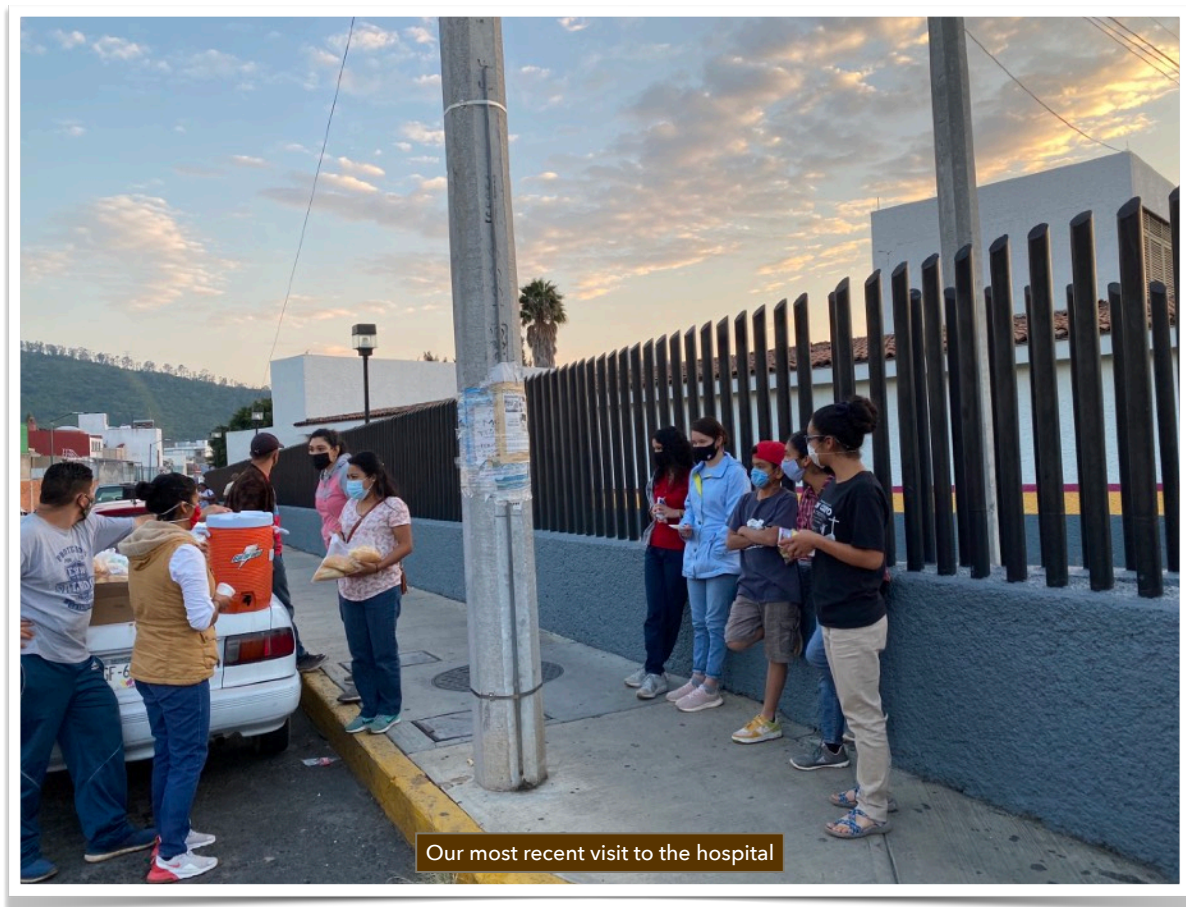

I may not know whether joy or disaster
Waits just beyond, round the bend of the road,
But this I know, He who died to redeem me
Waits there to comfort, and share all my load.

He will give strength if I'm called on to suffer,
Make me a blessing, or see that I'm blest;
I do not know what tomorrow will bring me,
But I know Him, and my soul is at rest.

Hospital Ministry

Because of COVID the hospitals have been under strict lockdown so at the beginning of this year we decided to stop doing this ministry. In the past we offered bread and coffee to the family members of patients as well as gospel tracts. This often opened a door for spiritual conversations.

Our most recent visit to the hospital

The beginning of October, we decided to try going again and just see what would happen.

We had to do everything on the street in front of the hospital but no one told us to leave and we were able to hand out a lot of tracts! The plan is to continue going Lord willing.

- ▶ *Dear Lord, keep this door open for us according to Your will!*
- ▶ *Give us wisdom and boldness to start spiritual conversations. In Jesus name, amen.*

Bike Trip

In the past we have always done this trip in April one of the hottest and driest times of the year. This time we ended up going in October. Everything was green and beautiful!

There seemed to be beautiful wild flowers everywhere on this trip!

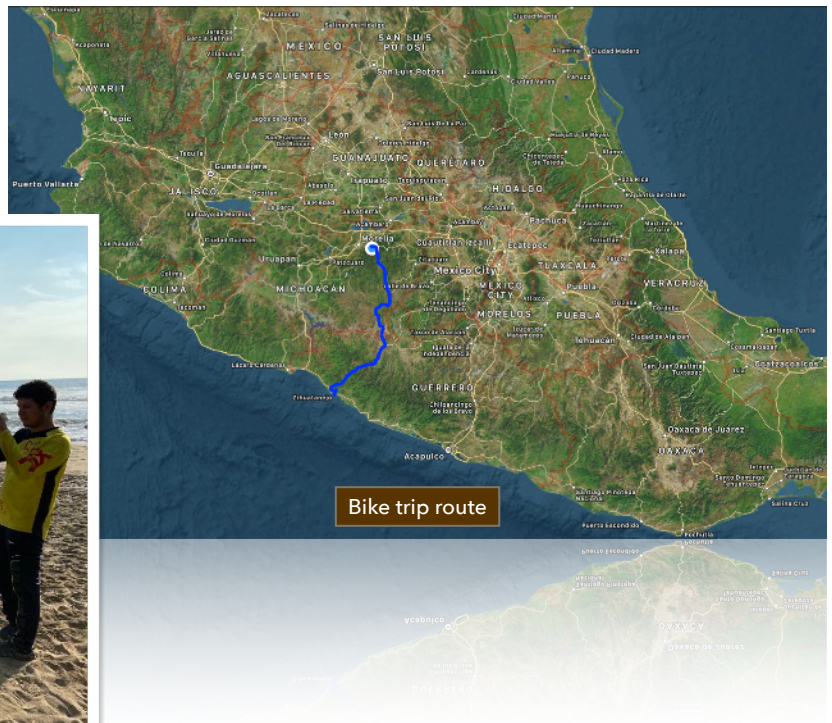

Our camp ground on day 3

Over the course of this week we covered about 250 miles of very mountainous roads. Though physically challenging, it's always a great time of fellowship and encouragement.

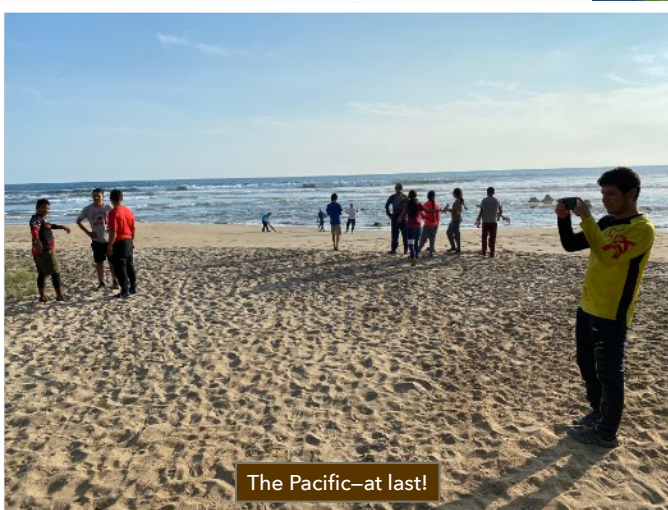

Heart of the Sierra Madre Sur

Thank you all so much for praying for this trip! I believe it was a very profitable time and the Lord graciously put His hand of protection over us!

The Pacific—at last!

Trip to the States

Much to my surprise I ended up going on a trip to Little Rock Arkansas along with my dad and good friend Salomon last month. Due to many unexpected issues the trip took twice as long as we had planned! But in the end, we were able to see how the Lord led us in every step.

Reading Clifford with uncle Dan

Julie meets grandpa

Shipment of Bibles and books
that we brought from the States.

What's Next?

Lord willing, our annual November family camp. Due to COVID, we anticipate a much smaller attendance this year but we trust that the Lord will bring those He desires to come.

Our missionary Thanks Giving celebration!

To the degree it's possible, our weekly Bible studies and weekend ministries too.

- ▶ *Heavenly Father, help us to trust You for our tomorrows.*
- ▶ *Bring the right people to the family camp.*
- ▶ *Speak through those who teach.*
- ▶ *Give strength to those who serve.*
- ▶ *Help us grow in the grace and knowledge of our Lord Jesus Christ.*
- ▶ *May Christ, Only Christ receive the honor and praise. Amen!*

I fully intended to write this update on the afternoon of the 31st, but I accidentally left my computer at Havilah the day before! That is why I'm so late this time. Sorry!

Jesus is coming soon! Thank you for your interest and prayers!

nathan,

Your brother in CHRIST!
