

**JULY 13 – AUGUST 7**  
**4 WEEKS OF INCREDIBLE BLESSINGS**

*This is the Lord's doing; it is marvelous in our eyes.*

*Ps. 118:23*

We can't thank you enough for praying with us through these last 4 weeks! With much fear and trembling, we approached this time of Summer Youth Camps, longing to go forward for the sake of the gospel and the edification of these young people, and yet so very uncertain, because of our strange times, which have brought very difficult dynamics into the picture.

We prayed fervently, begging the Lord to show us whether we should continue with the camps, and with the AMOR Divino week immediately following. He seemed to confirm to us, again and again, that we should go forward, with more energy than ever, because the time is short! In Hebrews 10:25, the word is: "... all the more, as you see the day drawing near." He who controls all world events knew about these difficult times, and yet He told us to work harder than ever as we could see the Day drawing near! So we feel that we cannot pull back at this time in relation to the work of the gospel and the edification of believers. This is definitely "essential business", if there ever was any!

And just as He led us to continue forward, He miraculously provided, and protected each step of the way. We have been filled with awe, and so very grateful to see Him working on our behalf through each one of these thrilling weeks.

**DURING OUR 3 WEEKS OF YOUTH CAMPS, WE SAW HIS HAND IN...**

- ⌘ Excellent Bible teachers to challenge and teach the young people.
- ⌘ Protection through all the travel involved, as well as sports, and numerous health challenges.
- ⌘ Several professions of faith in Christ from campers; reports of spiritual blessing and growth.

Blanca, the girl on the right, is a new believer and enthusiastic about serving the Lord and living for Him.

In the middle is Ana, from one of our studies in Cd. Hidalgo. She loved the camp and especially the teachings. She is thinking. Please pray for her salvation.

## DURING OUR AMOR DIVINO OUTREACH WEEK, THE LORD'S GRACIOUS HAND WAS SO EVIDENT...

☞ ...Sending 135 fervent believers from churches in surrounding cities, to join us in covering around 30,000 homes in the city of Morelia with gospels of John and tracts. We also were able to carry out evening gospel presentations in area parks and fields, with the enthusiastic participation of our excellent team. Many believers were quick to engage visitors in conversation at the close of the programs.

☞ ...Providing for all our needs! Thousands of gospels of John had been donated, large gifts were given for printing tracts, as well as for housing and feeding all who joined us for the week of evangelism. There was even enough to cover the gas costs for all the cars driving in and out of Morelia each day for the door-to-door work, and then for the evening presentations. (It was around 4 hours of driving each day!)

☞ ...Giving us Protection throughout the week over many miles of travel each day by the 15 or so vehicles; Protection over everyone's health; Protection from dogs, who often threaten us during our door-to-door work; Protection from the occasional angry or drugged person who answers our knocks; Protection from intervention by the police. In several of the evening presentations, they drove by to check us out, but allowed us to continue unhindered. Once, an irate woman called them to come and stop us. They came, listened for awhile, accepted some popcorn and told us to continue.

☞ ...Providing sweet times of prayer and fellowship among the believers.

☞ ...Providing just the right weather, time after time. This time of year is very hard to plan outdoor events. It is the middle of rainy season, with hard rains most days. But the Lord was orchestrating the weather for us! Sometimes, the rain would stop just in time. Other times, the predicted storm never came. Every day, we had just the weather needed to knock on doors in the mornings, and do our presentations in the early evenings!

☞ ...Most of all, we were thrilled with around 60 people who gave their contact information, indicating they would like to know more, or receive a Bible study in their home! One elderly woman named Piedad listened to the gospel message, and with tears, prayed to receive Christ then and there. Others indicated an urgent need to know more, and one woman begged the girl who talked to her, not to forget and to come back soon for a Bible study. Some indicated that they were not supposed to be home at that time, but for some unusual reason, were home that day. They felt it was a sign from God.

Another said she never opened the door to a stranger, but for some reason, felt compelled to do so that day. One person had many questions and talked to the guys from our team for a couple of hours. Please pray for the elder from the Morelia church, Julián, along with his wife and some faithful women in the church, who will be following up on these contacts and teaching the new Bible studies.

## AFTERNOON / EVENING GOSPEL PRESENTATIONS

(Left) Wordless Book table for the children

On this afternoon, a heavy storm was predicted over Morelia. We had the brightest, sunniest day ever! This neighborhood not only allowed us to use their abandoned school yard, they sent a phone message to everyone in the area, inviting them to come to our program!

This was our beautiful “rapture cloud” at the end of the show! We would not have been surprised to be lifted into the clouds then and there!

Annie's team; Mautzi (far left, blue), and Lupita (sitting, light pink) both made professions of faith in Christ. Ana (from Cd. Hidalgo) is in the yellow. Please pray for these girls!

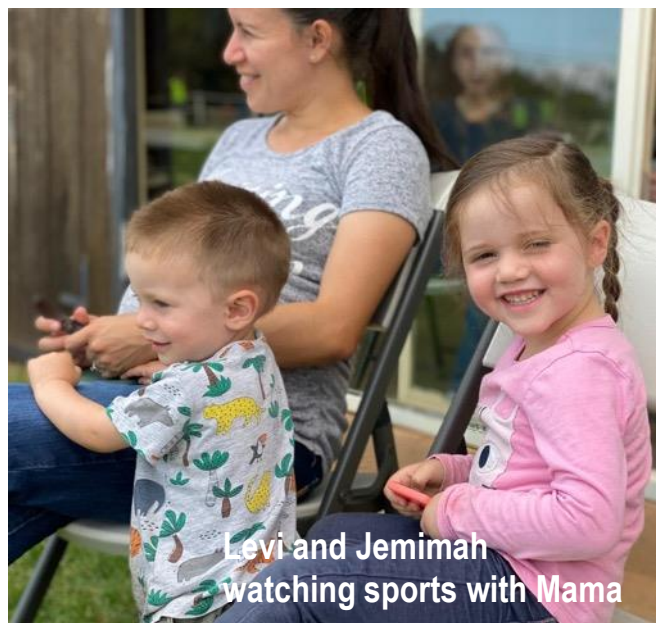

One of the highlights of the young adult camp was doing VBS clubs in 4 surrounding villages. Our campers loved it, and the children loved it!
